BAYADA Home Health Care Acquires Home Health Professionals

Moorestown, NJ, April 18, 2012 – BAYADA Home Health Care, a leading provider of home health care services to people of all ages, announced today that it has acquired Home Health Professionals, a home health care provider in North Carolina. As part of the acquisition, the seven Home Health Professionals offices will transition to BAYADA Home Health Care in early June 2012. The seven offices are located in Gaston, Davidson, Forsyth, Guilford, Mecklenburg, Person, and Rowan counties.

BAYADA Home Health Care started with one office in Philadelphia in 1975, and has grown to more than 240 offices in 25 states and India. BAYADA opened its first North Carolina location in Winston-Salem in 1989, and now cares for clients from 40 offices located throughout the state.

“As we welcome Home Health Professionals to the BAYADA family, we are excited to expand our geographic reach across North Carolina, which aligns with our vision to make it possible for more and more people to experience a better quality of life in the comfort of their own homes,” said BAYADA President, CEO, and Founder J. Mark Baiada. “Home Health Professionals’ commitment to quality care fits well with our BAYADA core beliefs – that our clients come first and our employees are our greatest asset. These beliefs are a part of our guiding philosophy, *The BAYADA Way*, which has been the foundation of our work since 1975.”

“Home Health Professionals has held a strong commitment to providing exceptional care for over 30 years. We share many of the same values as BAYADA Home Health Care, and their excellent reputation, quality of services, and commitment to their mission and values were important factors in our decision,” explained Home Health Professionals Director of Home Care Services Debbie Day. “We anticipate that this will be a seamless transition, and our clients will continue to receive the same high quality care they’ve been accustomed to.”

BAYADA employs more than 17,000 nurses, home health aides, therapists, medical social workers, and other health care professional who provide care with compassion, excellence, and reliability to people of all ages in the comfort of home.
